

```
layout: page
title: "Test plans"
author: alexander-hjelm_solidify
last_updated: 2022-07-01
search_exclude: false
```

The SyncHub area path adapters migrate the following resources between ADO organizations:

- All test plans under an AzDO project.

## Unsupported data

The following data is not yet migrated. We are planning to implement support as soon as there is a customer incentive.

- Test suites
- Test cases
- Test results

## Permissions

- **required PAT scopes:** Test Management (Read, Read & write)

## Export: Sample config

### Command

[illegible]

## Configuration

```
{
  "configuration":
  {
    "source": "https://dev.azure.com/solidifydemo",
    "target": "C:\\Temp\\contosoAirMig\\AreaPath",
    "ProjectName": "ContosoAir",
    "apiVersion": "6.0"
  }
}
```

## Import: Sample config

## Command

[illegible]

## Configuration

```
{
  "target": "https://dev.azure.com/alexanderhjelmssolidify",
  "SourceFilePath": "C:\\Temp\\contosoAirMig\\Testplan",
  "TargetProject": "ContosoAir-Migrated",
  "apiVersion": "6.0"
}
```
